

VI 200-T INTELLIGENT ADDRESSABLE HEAT DETECTOR

EN54-5

CPR

FEATURES

- › Manual or Automatic Addressing
- › Easy connection (Non-polarity)
- › Integrated Microprocessor
- › It supports temperature compensation and a sensor fault detection
- › Output Indicator
- › 360 degree LED coverage
- › Aesthetic Design

TECHNICAL SPECIFICATIONS

Current Consumption (Standby)	<300uA
Current Consumption (Alarm)	<1.5mA
Operating Voltage	24 V
Humidity	≤95%
Environment	-10°C ~ +55°C

ORDER DETAILS

- › VI 200-T Intelligent Addressable Heat Detector
- › VI 200-B Detector Buzzer Soket
